Re: C00145862 / 12 Day Pre-Primary Report (4/1/10 - 4/14/10)
Amendment FEC-478550 - filed July 12, 2010

Dear Ms. Hannan:

This letter is in response to your inquiry regarding the above referenced report.

1. We have amended the records in which an initial was given as a first name. Additionally, we have received information regarding employer and occupation information and have amended those records as well.
2. Our committee makes a best effort to obtain the occupation and employer information in three ways. Initially, all solicitations for contributions state clearly and in bold letters that people who contribute in aggregate of total of \$200 or more during an election cycle must provide their occupation and employer information. If they fail to do so when returning their contribution, our committee will send a separate request along with a form and postage paid envelope to submit the information. If this fails, we then attempt contact via telephone or email - if that contact information is available to us.

When we receive contributions written from personal checking accounts - occasionally there will be those that have not listed their full first name, but instead will have an initial. To obtain this information, our committee will first try to make contact via the telephone (if the phone number is provided). Our second attempt is with a written follow-up request for their full name.

Thank you for bringing these issues to our attention.

Sincerely,

Curtis L. Coonrod
Treasurer, Dan Burton for Congress Committee
